

DANCE

Curriculum Aims, Delivery & Content

Bottisham Village College

Achievement through Inspiring, Caring, Enriching

Curriculum Intent

- In the Dance Department we aim to engage and challenge students throughout their time at Bottisham Village College and equip students with the necessary skills and resilience to succeed post 16.
- Through developing students' confidence in performance, communication within a group and giving opportunities for creative exploration we can prepare them for the adult world. Dance is inclusion at all levels and students will develop many transferable skills including: leadership, critical thinking and the ability to self-manage.
- Dance also has a wide range of physical and mental health benefits for students including; increased fitness levels, stronger bodies and reduced stress levels.

In year 7, students are introduced to the building blocks of safe dance practice, performing and creating choreography. Throughout year 7, students are introduced to a wide range of practical activities, encouraging working within a group, accuracy in performance, expressive skills and choreography. During the units of work, students are required to use dance terminology to write about their practical work and self reflection.

In year 8, students build on the foundations of the previous year by applying accuracy and expressive skills when learning a professional dance piece. Students apply their dance terminology knowledge to a critical analysis of both professional work and their own practical work. Through the choreographic elements, students must apply the previously learnt foundations to a larger choreography project, that also introduces further choreographic elements.

In year 9, students move beyond the foundations of dance and are challenged to consider mood and atmosphere in their choreography and performance. Building on the expressive skills in year 8, students must now link both expressive and choreographic content to communicate a mood/intention to the audience. Students will gain further knowledge of a range of practitioners and learn the key features of their styles in order to widen their experience and knowledge within the classroom, in readiness for GCSE.

<p>Curriculum Aims KS4</p>	<p>The KS4 curriculum is designed to build on the performing and choreographing skills developed across KS3. Equally the skills gained in self-evaluation and professional dance analysis are also built upon. Practical and theory elements of the course are interwoven into lessons so that students have a clearer understanding of how they connect and support each other.</p> <p>Students are given a mixture of theory and practical homework to support their learning in lessons and are encouraged to take responsibility for their development as performers and choreographers by using the dance studio outside of lessons.</p> <p>The main elements that are developed further at GCSE rather than key stage 3 concern dance analysis and solo choreography. At GCSE students develop their analytical skills by looking in greater depth at the process undertaken to create work and how all elements of a production work together to get across the choreographer's intention. Students also take greater responsibility for their own choreography rather than working in groups.</p>		
<p>Curriculum Delivery KS4</p>	<p>Students will have 5 lessons of Dance a fortnight.</p> <p>Final Examinations take place in June of year 11.</p> <p>Practical Exams take place during the course first 2 terms of year 11 to allow focus on written exam in June</p> <p>Practical exams:</p> <ul style="list-style-type: none"> • Solo performance x2 • Performance in a group (duet or trio) • Choreography 		
<p>Curriculum Content Year 10</p>	<p>AQA: GCSE Dance 40% Written Exam 60% Practical:(30% choreography + 30% solo and group performance)</p>	<p>Set works (6 in total)</p> <ul style="list-style-type: none"> · Features of production · Choreographic process & content <p>Set dance 1: TEMP skills</p> <ul style="list-style-type: none"> · Technical, expressive, physical, mental <p>Performance in a group</p> <ul style="list-style-type: none"> · TEMP skills 	<p>Safe dance practice</p> <ul style="list-style-type: none"> · Physical safety · Studio space · Working with others <p>Choreography</p> <ul style="list-style-type: none"> · Creating a choreographic intention from a stimulus. · Motif development and structure. · Action, Space, Dynamics, Relationships · Accompaniment selection
<p>Curriculum Content Year 11</p>	<p>Set works</p> <ul style="list-style-type: none"> • Features of production • Choreographic process & content <p>Set dance 1</p> <ul style="list-style-type: none"> • TEMP skills 	<p>Choreography</p> <ul style="list-style-type: none"> • Creating a choreographic intention from a stimulus. • Motif development and structure. • Action, Space, Dynamics, Relationships • Accompaniment selection <p>Set dance 2</p> <ul style="list-style-type: none"> • TEMP skills 	<p>Practical exams</p> <ul style="list-style-type: none"> • Performance in a group • Set dances <p>Theory</p> <ul style="list-style-type: none"> • Set works • Self evaluation • Dance practice
