We cannot express how important it is that all students are involved in enrichment in some way. By doing so they:

- Gain opportunities to meet new friends and create new memories.
- Have a chance to show skills and abilities that might not be apparent in the classroom.
- Show employers and post 16 providers that they are active members of their community.
- Challenge themselves to do new things and develop new skills.

To this end, we put on an extensive range of clubs, activities, and master classes. These take place either at lunchtime or after school.

A link to the list of extra-curricular clubs is here:

Please read through this list with your child and sign up to the clubs that are of interest to them.
