September 2023

Dear Parent/Carer

Post-16 Evening

Summary of Actions	Deadline
Attend the Post 16 Evening.	Monday 25 September

It gives us great pleasure to invite you to our **Post-16 Evening on Monday 25 September from 6.00pm** This is an integral evening in the life of BVC Year 11 students and their families, as it will help to clarify, inform, and answer key questions surrounding the post-16 process. The evening will take the following format:

- Parents and students should arrive for a 6.00pm start, parking in the college bus bays. There is no requirement for students to arrive in their uniform for the evening.
- Students are to immediately make their way to the canteen, where they shall be met and greeted by an array of post-16 providers.
- Parents and carers are to make their way to The Evans Auditorium, where they shall have a presentation concerning apprenticeships, alongside a detailed insight into the process from Mr Compton. Ms Goldman Roberts, HOL for Year 11, will take parents and carers through the levels of support we shall be offering along the way.
- Parents and carers can then join students in the canteen.

As we mentioned to parents at our recent information evening, it is essential that students arrive to the evening having done some initial groundwork: they are doing this with their tutors but also should be researching aspects such as courses, which post-16 centre and, specifically, grade requirements.

We very much find that engagement with this evening sets the tone for the year, particularly with the first set of mock examinations on the horizon.

Best wishes and we look forward to seeing you on Monday 25 September.

The BVC Year 11 Team
