Dear Parent/Carer

## Education Record App

Summary of Actions	Deadline
For Information.	N/A

The Department for Education has launched a new Education Record app for Year 11 students. The purpose of the app is:

- To allow students to have a digital record of exam results
- To allow students to share their results digitally with Post-16 centres
- To share information such as support required

On results day in August, students will be able to see their results on the app from 11.00am.

You may wish to watch this short video for more information.

[Education records explained](#)

We will issue results in school on the day from 10.00am and all students will still be given physical copies of their exam results.

Many students have already completed the access process during form time over the previous fortnight.

Please check in with your child to make sure they have set this up if they would like it.

There are two stages to accessing the service:

1. Students should download the app at home by searching for "Education Record" or follow the link here: [Education Record England App - App Store](#) or [Education Record England - Apps on Google Play](#).

2. Students will need to find their tutor or Mrs Lee, Mrs Reynolds, Mr Cornick or Mrs Slipper to register.

Yours sincerely,

**Mr A Cornick**
