September 2026

Dear Parent/Carer

Logging in to Go4Schools

Summary of Actions	Deadline
Following the instructions below on how to log into Go4Schools	As soon as possible

As part of our commitment to keeping you well informed, we use **Go4Schools**, an online platform that provides real-time information about your child's education. The system has been fully embedded in school life for the past year and is an invaluable tool for parents, carers, and students alike.

Through the **Go4Schools Parent Module**, you can access a wide range of information in one place, helping you to stay up to date with your child's progress and school experience.

What You Can Do on the Go4Schools Parent Module

- **Timetable** – View your child's daily schedule, including lesson times and teacher details.
- **Homework** – See all assignments, including tasks set, deadlines, and resources. Work set on platforms such as **Sparx** and **Seneca** for homework will be assigned through Go4Schools.
- **Attendance** – Track attendance to each lesson, including late marks and absences, as well as your child's overall attendance percentage.
- **Behaviour** – Monitor rewards and behaviour events, including house points.
- **Attainment** – Review subject-by-subject progress, assessments, and whether your child is on track.

Accessing Go4Schools (Parents)

Go4Schools can be accessed via the **Go4Schools App** (for Android and Apple) or via a web browser at www.go4schools.com. A link to this can also be found in 'The Hub' of The Anglian Learning App.

First-time login (must be completed using a web browser):

1. Go to www.go4schools.com.
2. Click the orange login button and select **Parents login**.
3. Choose **First time user?** and enter the email address this letter was sent to.
4. You will receive an email from no-reply@go4schools.com.
5. Follow the link in that email to set your password (valid for 1 hour).

Once your password is created, you can log in either via the App or the website. A **Parent Guide** to using the App is enclosed.

It is also possible to use your Microsoft single sign-on to login to Go4Schools via web browser (this functionality is yet to arrive on the app).

Student Access

Next week your child's form group will visit the computer room in school to complete a first login to the various platforms they will use. Once they have done this, they will be able to Microsoft single sign-on to access Go4Schools via a web browser. Those students who may have missed the session or encountered any login issues will be offered further support in school in the coming week.

Please note, as with the adult login, single sign-on is not yet available via the App, therefore, to use the App, students will need to set up a Go4Schools password. They can do this at home by following the same steps as above in the parents' instructions. In step 2 they will need to click the **Student login** option.

The Anglian Learning App

The Anglian Learning App provides a central point for accessing home communications and the platforms you will need to support your child. Links to all platforms can be found in 'The Hub' section of the app. Along with Go4Schools, these include:

- **WisePay** – for payments such as school meals and trips.
- **School Cloud** – for booking parents' evenings and enrichment activities such as after-school clubs.

If you have any questions or need assistance with logging in, please contact us at enquiries@bottishamvc.org.

Yours sincerely,

Mrs H Slipper
Assistant principal
